Remarks

Here is your chance to own a home that has been completely remodeled. The open concept floorplan and the warmth of the woodstove with the real stone wall is very inviting. Bedrooms on opposite sides of the home allow for privacy. Enjoy the warmth this home offers with wooden ceilings, recessed lighting. The newly built farmers porch allows views of Bald Mountain. Plenty of wildlife and apple trees on the property. Jackman is the heart of outdoor activities. Easy access to snowmobile trails! Homes in this condition and location at this price range are rare to find in the Jackman region.
